We are one.

Florida Southern College - it is more than just a school. It is a tightly knit community of unique individuals. At Florida Southern, learning is not just about sitting in a classroom; it is meeting people and sharing common bonds. Through campus activities, students become more than just classmates. They become lifelong friends. Even after they graduate and move away, the bonds of friendship and unity keep them close for the rest of their lives. The friends we have made and the great experiences that have occurred this year will not only fill the pages of our yearbook, but will also become lifetime memories that can never be destroyed.

Administrative Officers & Staff

College is an institution that brings to mind the interaction of teachers and students in academic and social circles. In order to achieve and maintain excellence in such an institution, strong, respected leadership is imperative. A framework is needed for a college to succeed that is not just material, but personal. Florida Southern has this framework through its administrative officers and staff.

This foundation is as vital to FSC as the friendly teachers, spirited students, and beautiful architecture that fill the pages of this book. The spirit of Florida Southern College is seen in rich academic traditions, cultural activities, and campus life. It is through the dedicated administrative officers and staff that these ideals can be attained.

Departments & Organizations

Events throughout the last year have both separated and united us. Our country has experienced riots and hurricanes as well as the election of the president and the homecoming of 1987 honorary chancellor, Terry Waite. These events inspired many feelings which caused students to unite and help people who suffered tragedies while others worked together for shared beliefs.

The Departments and Organizations give students a chance to interact with faculty, professionals and other students. With participation in various activities, students become more conscious of the talents they possess.

Nursing

The Nursing Department has a curriculum for registered nurses that enables them to build on their associate degree or diploma and earn a baccalaureate degree. Since nearly all the students are working full-time and going to school part-time, special activities and clubs are limited. However, they may participate in an exciting practicum experience in England through the May Option program.

Sports

Unity is an inherent part of any successful team. A team is a unit in which all parts work together for the benefit of the whole. The teams at FSC set high standards for themselves and together achieve their goals through hard work and determination. Proof of this is the fact that most FSC teams were nationally ranked this year. The winning tradition at Florida Southern College is personified by these talented athletes who unite to form teams known as the Strikin' Moccasins.

Returning to Lakeland, the team compiled a ten-game win streak in mid-season to earn a spot in the national rankings. Seniors Larry Murphy, Jesse White, Chris Lee, and Reggie Washington combined with junior Bill Drost provide the starting line-up.

This undefeated start earned the Lady Mocs a national ranking for the first time since 1986, and the Moccasins are hoping to rank first in the SSC and receive a bid to the NCAA tournament.

It is said that unity can be achieved through variety in its parts.

As we come to the end of another leg of life's journey, we eagerly anticipate what is in store for us as we boldly continue on our venture toward a new tomorrow. Together we will explore these endless possibilities and new frontiers. Happy memories are etched, captured within the pages we share for a lifetime and beyond.

We have reached a turning point in our lives; formal education for many of us is now coming to an end. As we enter the 'real world,' we won't find the answers to our questions in the back of a book anymore.

Junior Class

An unfamiliar seriousness is discovered once you begin your junior year. The classes get harder and the time you have left at Florida Southern grows ever shorter. The worries of a senior have not yet materialized, yet the comfort of the sophomore and excitement of the freshman are sentiments of the past.

The time has arrived for reflection on unfulfilled goals and accomplishment of things not yet experienced. All of your experiences form an attitude, a feeling that is truly you. As a junior, you know what your successes are, and you look forward to the future you will create for yourself.

Sophomore Class

The sophomores have survived the uncertainty of their freshman year and they look forward to three more years of college life. Their collegiate journey is far from finished, and only dedication, along with the passage of time, can ensure its completion.

The sophomore year is not a beginning nor an ending; it is a time of realistic expectations, a familiarity met with freedom and progress. This year is important. The decision of academic concentration and the CLAST exam await as sophomores strive toward junior status.

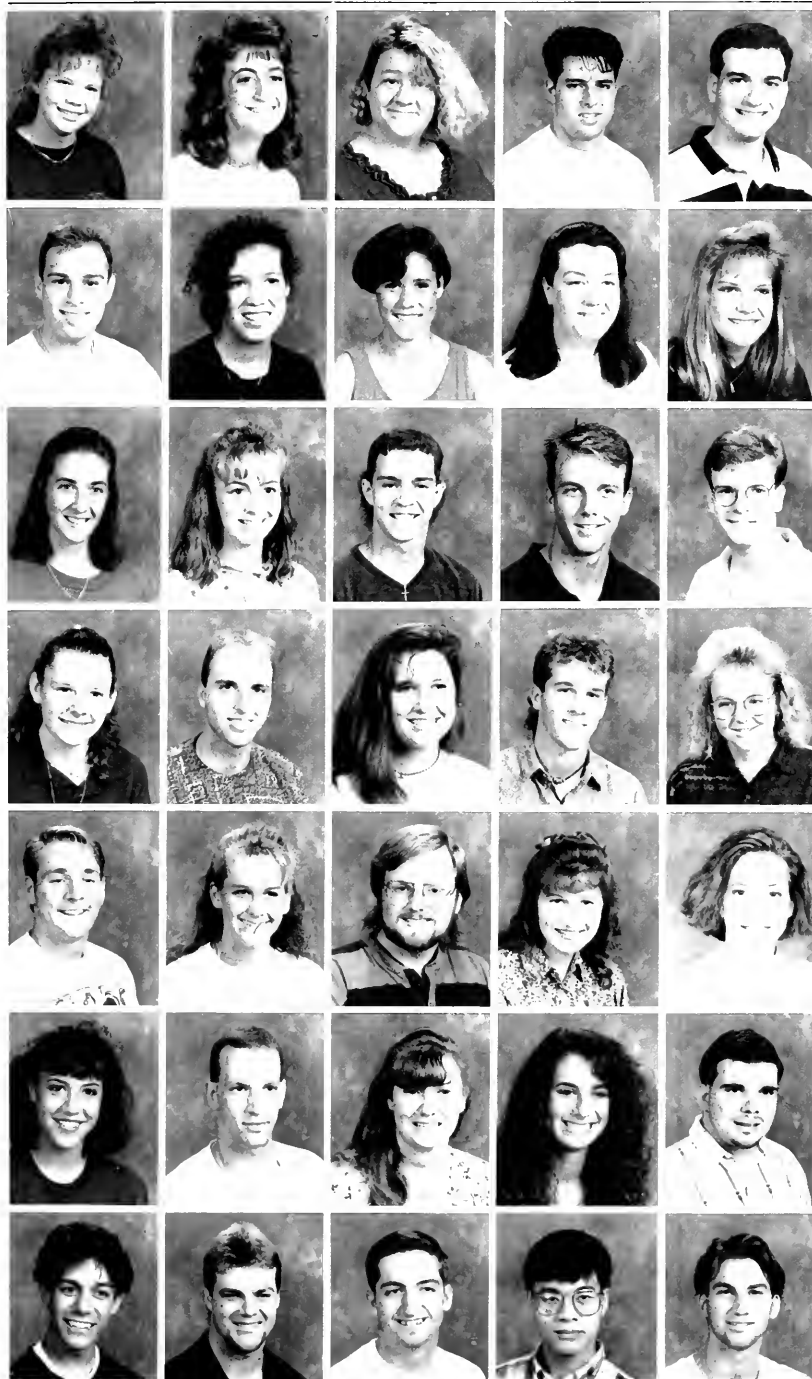

Mike Trotta walks back from class after making a perfect score on a test.

Are you talking to us? Jack Fulop and Jeff Keener are ready for anything.

Molly Vogt and Jill Diaz always smile when they are together.

Freshman Class

Freshmen at Florida Southern represent various regions of America and the world. These students bring together an array of ideas and cultures. As a freshman one's classmates are unfamiliar and the endeavor of making friends may seem impossible. Students struggle as freshmen to find their own identities within the diversity of their classmates.

The decision to attend college addresses a turning point in one's life. The transition from high school to college faces freshmen with the challenge of finding a balance between enjoying newly found freedom and conquering a tougher academic routine. Despite their diversity and the challenges they face, the freshmen have laid the groundwork for their college education at FSC.

You can tell by their faces--it's great to be a freshman at FSC!

Andrew Bourgard gets attention from the freshmen girls.

Guys and girls pose for a picture in Joseph Reynolds during open house.
